Patient Protection and Affordable Care Act Group Notices for Rocky Mountain Health Plans (“Your Plan”)

- I. Your Plan may require the designation of a primary care provider (PCP). A Member has the right to designate any PCP who participates in RMHP’s network and who is available to accept the Member as a patient. If required, until a Member makes this designation, a PCP will be designated for the Member. For information on how to select a PCP, and for a list of the participating PCPs, contact customer service at 970-243-7050 or 800-346-4643. For children, a pediatrician may be designated as the PCP. A Member does not need prior authorization in order to obtain access to obstetrical or gynecological care from a health care professional in RMHP’s network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact customer service at 970-243-7050 or 800-346-4643.
- II. Individuals who are dependents of eligible employees, are under twenty six (26) years of age, and who were not previously eligible due to age, marital status or financial independence, may now be eligible to enroll during either Your Plan’s Special Open Enrollment Period or the group’s Annual Open Enrollment Period. If such individuals are now eligible, they will be eligible for coverage until they turn twenty six (26) years of age. The Special Open Enrollment period is September and October, 2010 for either an October 1 or November 1, 2010 effective date.
